

## STEMCO Introduces Delivery Date Based Shipments

**To: All Distributors of STEMCO Products**

STEMCO is pleased to announce the introduction of delivery date based shipments for all orders meeting prepaid freight requirements.

STEMCO's new Delivery Date based program is carefully designed to allow customers to:

- Move to standard delivery dates based on day order is placed
- Plan dock work
- Consolidate backorders with new stock orders and ship together
- Provide delivery scorecards by customer
- Easily determine expected delivery dates by accessing the delivery calculator on the STEMCO website (see below).

### Delivery Date Calculator

Zip Code

Order Date

State  Delivery Date

Enter five digit zip code for your STEMCO shipping account then select the order date to view shipment delivery date.

\*Applicable only to established STEMCO shipping account addresses-drop ship addresses are not eligible. See our freight policy [here](#).

#### NEW STEMCO Standardized Delivery Program

STEMCO is moving to a new standardized delivery program for shipping your orders meeting our prepaid freight requirements. We will be providing the EXPECTED DELIVERY DATE of your orders to your facility!

- Only applicable to your STEMCO shipping account address. Drop ship addresses not eligible.
- We will consolidate all orders meeting prepaid freight requirements including backorders to reduce the number of shipments you receive
- View our Delivery Calculator to obtain your expected delivery date based on date of order
